ARARE OPPORTUNITY

Good Agricultural Land for \$10

to \$20 per Acre.

The Pacific Improvement Company has recently purchased twelve thousand acres of

land in the heart of Tehama County, for the purpose of promoting subdivision and settlement. This land embraces lands from first-class Sacramento Valley agricultural land, to land of fair average quality, and is offered at from \$10 to \$20 per acre, in subdivisions of 40, 80, 120, 160 and 320 acres.

The terms upon which these lands are offered are especially attractive. They will be sold in subdivisions, as above indicated, by the payment of interest only for three years, at which time the purchaser can begin the payment of principal by paying the first of five equal annual installments. Thus no part of the principal is to be paid for three years, and then the purchaser is to have five years in which to pay five equal annual installments, with inerest at the rate of 7 per cent. per annum, making payments extending over a period of eight years. Intending purchasers are assured that this is an opportunity to purchase land of fair average quality at \$10 per acre,

and good agricultural land at \$20 an acre, with other grades of land at prices to correspond between these figures.

The assertion is frequently made that good ands, suitable for general farming, and especially adapted for fruit-growing, cannot be had in California for less than from \$60 to \$100 an acre. An examination of the land subject of this advertisement will prove to home-seekers that this is an opportunity for the purchase of good agricultural land at \$20 an acre, and for qualities grading down to fair agricultural land at \$10 an acre, on terms of payment which should make the disposition of these lands to actual settlers a result easy of

ecomplishment. The primary object of the purchase of this body of land was the breaking up of a large holding for the purpose of promoting its set-tlement in smaller quantities and its devotion

to diligent husbandry. For further particulars, call upon or address WM. H. MILLS, Land Agent of the C. P. R. R., Fourth and

descriptions were so varied in their characteristics and so comical at times that the spectators were convulsed in laughter

during the various stages of his testi-

mony.
When asked from what State he came

when asked from what state he came from to California, Smith answered from a State of wealth to a State of poverty. He said he came from no State in the Union, but is a native of Australia, from whence he came over seven years ago. He is not a naturalized citizen of the

United States.
Dr. A. Stafford of Rocklin was next

called. He examined the deceased after he was shot, and probed the wound, but

tion, testified that he was present at the scene of the shooting at the time it oc-curred, and saw a crowd of men belong-

ing to the army moving toward Constable Fleckenstein when he had Engineer Williams in custody. Witness did not hear Smith or Paisley tell the men to

leave Fleckenstein alone. At the time the shot was fired the witness did not see

Fleckenstein or the position Paisley was

Ed R. Folger of Rocklin, another wit-

ness for the prosecution, testified that he saw Fleckenstein get on the engine of the captured train and read a paper to the

man who was acting as the engineer. When Fleckenstein and his prisoner were

in front of the postoffice witness saw a number of the army climb down from

the cars and close upon the Constable and Williams. Although the witness was

called by the prosecution, nearly all of his testimony was in favor of the defend-

ant. He testified that he saw some

ing at Fleckenstein, who was then lying on the ground. When the men from the army were approaching the Constable he drew his pistol, and after a

little while heard the shot. Witness said he heard one of the members say when

Fleckenstein was taking Williams away: "We are a fine lot of cowards if we stand

that." When the pistol was exhibited the men were heard telling each other to

take the pistol away from the defendant.
After that he saw Fleckenstein on the
ground with some of the men standing

over him. They were all around Fleck-enstein and very excited.

Frank Leonard, another witness for the

prosecution, was next called. He testi-fied that he saw Fleckenstein taking

M. Hurley, another witness for the prosecution, testified that he saw Fleck-

enstein on the cab of the engine drawing the stolen train. Williams, the army engineer, attempted to open the throttle, but was prevented by the defendant. The Constable and his prisoner then moved

engineer, attempted to open the throttie, but was prevented by the defendant. The Constable and his prisoner then moved away from the engine. Witness saw defendant read a warrant to Williams before they got off the engine. The mobattempted to take defendant's pistol away from him and were holding his arms, when Colonel Paisley ordered the men to desist.

A. W. Read, engineer of the train that was captured by the Industrials, was next called by the prosecution. He testified that at Rocklin his engine was boarded by about thirty men. They gave him to understand that one of their number who was an engineer would run

Industrials tugging and pull-

City Trustee Bragg is in a quandary, but he thinks he sees his way out of it, gas company to put in the city offices the meters that furnished the gas for which The Crucifix Found in the Folds of the

the city has refused to pay. Judge Catlin decided that the city had no ground for refusing to pay its gas cialism may be noted. In the late demonstrations the crucifix was often found fastened among the folds of the red banbills, but it is proposed to appeal from

AUBURN, May 15.—The examination of
J. O. Fleckenstein, charged with the
murder of "Colonel" Paisley of the Industrial Army in Rocklin last Friday,
was begun before Justice of the Peace B.
Gywnn of this place at the County Courthouse this evening. In the meantime who is going to pay the gas company for the illumination of the city offices? Mr. Bragg said yesterday that as he ordered the meters put in, the company might come on him for the money. He had about arrived at the conclusion to poifty the company to reconclusion to notify the company to re-move its meters, and let the Board of Trustees make some new arrangement or lighting the offices.
It looks very much as if the city will

ancient Rome. The higher clergy have maintained an attitude of neutrality dur-AMUSEMENTS.

attendance at the examination, and, together with the spectators, made such a crowd that standing room was at a premium.

"Lieutenant-General" Denning Smith At the Clunie Opera-house last night the tuneful comic opera "La Mascott" "Lieutenant-General" Denning Smith of the Industrial Army was the first witness called for the prosecution. He testified that the first thing he saw was Constable Fleckenstein and Williams, the man who acted as engineer on the stolen train, walking away from the railroad track together. He also saw a number of the Industrials following the Constable and afterward saw them holding Fleckenstein's arm and endeavoring to take his pistol away, which he held in his hand.

Witness said that Paisley was beseeching the crowd of men not to molest Fleckenstein, but to look out for his pistol. Deceased was looking over his shoulder, in response to a call from witness, when he was shot. Paisley did not choke Fleckenstein or make any attempt on his person.

District Attorney Chamberlain did not examine the witness very long, and after testifying regarding minor particulars of the shooting witness was taken in hand by C. T. Jones. To Jones witness said that for the last five years he has maintained himself by selling proprietary went very smoothly and nicely. The people were "up" in their lines; the nervousness of the women singers had all disappeared; there was snap, vigor and heartiness about the whole performance. The chorus was better and the orchestration much improved. Miss Huff, the fine contralto, won new favors and encores for her acting and her singing. Miss Loomis had a hearty recall for her fine rendering of the air "I Love But Thee," her sweet, expressive mezzo-soprano greatly pleasing the people, and Miss Southern was again indorsed by warm applause as a more than clever sou-brette soprano. She is already a favorite. Leech and Cornell kept the audience in the merriest of humors, the former in one number being recalled no less than five times by storms of applause. Miss Bredull appeared to very much better advantage than on the first night, and her soprano was heard in a solo to its That for a ten, twenty and thirtycent admission fee so good an operatic with anger, I felt a deeper impression of sorrow than I have felt in all my life." They asked some questions of one of the performance is given is a consideration to be taken into account. It is a venture on a new plane, and if the public wish it crowd, in answer to which he said that he had a wife and four children. They ing M. D. after his name he said he was not a graduate of any medical college.

When witness was asked by the attorney for the defense if it was by agreement of the officers and men of the army that the train was captured, the District Attorney objected, and the witness was not allowed to answer.

When the train arrived at Rocklin witness was into the cap of the engine and he witness was into the cap of the engine and the work. succeed it will be very early deter-

On the 17th inst., Thursday, for one night, Richards & Pringle's Georgia Minstrels will appear at the Metropolitan family tax, and 54 francs tax on his mule to the municipality. A GREAT LINGUIST.

The Boston Drummer's Accomplish ments are of Interest.

A party of drummers in the hotel office were discussing a Boston man they had recently added to their ranks, says the Detroit Free Press.

"Do you know," said a sly-looking
New Yorker, "that he is quite a remarkable fellow?"

"In what respect?" asked a man from Cincinnati. "In respect to his linguistic ability He speaks French quite as well as he does German.'

"Is that so?"
"Yes; and he speaks Italian as well, if not better, than he does French."
"By George, he doesn't look it," ventured a smooth-faced chappie from St.

Louis.
"It's true just the same," continued the New Yorker, "and more, he speaks Spanish fully as well as he does Ital-
